**FERRANTI COMPUTER SYSTEMS APPOINTS MARK HURCOMB AS CHIEF COMMERCIAL OFFICER**

Ferranti Computer Systems, a provider of software for business process improvement in the energy and utilities sectors, has appointed Mark Hurcomb to head up the company's operations in the UK.

He will also lead Ferranti's commercial operations worldwide as Chief Commercial Officer.

Mark started working within the utilities sector in the 1990s whilst at Logica (CGI) and developed his career in both business transformation and ICT out-sourcing, before moving into CIS solutions with Oracle, prior to joining Ferranti.
